PART 2: GOVERNANCE

1. Board Operations: Governance Policy Statement

The legal responsibility of boards and Board members is determined by Section 76 of the Education Act 1989:

(1) A school's principal is the board's chief executive in relation to the school's control and management.

Shall comply with the board's general policy directions; and

Subject to paragraph (a) of this subsection, has complete discretion to manage as the principal thinks fit the school's day to day administration.

At Te Aratai College the Board has decided that its focus is strategic leadership rather than administrative detail. It has a clear distinction between Board and staff roles, concentrates on the future rather than the past or present, and is pro-active rather than reactive. This means that the Board delegates all authority and accountability for the day-to-day operational organisation of the school to the Principal and this delegation is reflected in the Board's operational policies.

The Board reports accurate assessment information to students and parents recognising that this is a vital component of learning.

The following Student Achievement and Wellbeing Policy statements are supported by subsequent procedures:

3. Assessment Policy

Assessment Policy Statement

At Te Aratai College teachers and students recognise the complex nature of ‘success’ and ‘achievement’ and develop equitable contexts for learning that engage students in diverse and evolving assessment opportunities considering factors ranging from but not limited to wellbeing, equity, coherence, and pathways.

Assessment for Learning – *formative assessments – is gathering information before and during the learning to inform the teacher and learner of the next steps for learning.*

Formative assessment should contribute to student agency and students’ positive dispositions for learning. It scaffolds the student so they feel they have control over their learning and they will therefore try. “I can learn.”

4. Attendance Policy

Attendance Policy statement

It is recognised that the teaching practices arising from the first three policies –

- 1. Student Achievement and Wellbeing Policy*
- 2. Teaching and Learning Policy*
- 3. Assessment Policy*

are direct contributors to student attendance and the learning and behavioural culture at Te Aratai College.

The Board recognises that students are more likely to attend Te Aratai College and attend willingly when they feel connected to the College and engaged in their learning through a sense of agency. The Board recognises that the opposite also applies. Students are more likely to truant if they feel no connection to the College and the curriculum, and are therefore disengaged in their learning.

The Board recognises the key importance of effective attendance procedures for early communication with family and whānau if there are attendance concerns.

The Board recognises that truancy harms:

- 1. the truanting student*
- 2. other students in the truanting student's classes*
- 3. the delivery of learning programmes*
- 4. whole-school culture*

Truanting students are at-risk because:

- 1. they fall behind in their learning*
- 2. they are more likely to misbehave when they return to class than non-truanting students (see next section)*
- 3. of what they may be doing while they are truanting*

Truancy slows the learning of non-truanting students because:

- 1. the teacher must:*
 - a) adjust the lesson to accommodate the truanting student who has missed previous content*
 - b) give the truanting student more time and energy than otherwise would be necessary*
- 2. the returning student may feel uncomfortable and vulnerable that the class knows more about the content and therefore reacts by misbehaving*

Truancy harms whole-school culture and reputation because:

- 1. truanting students frequently actively encourage other students to truant with them*
- 2. vulnerable students see other students truanting and are emboldened to truant themselves*
- 3. the community sees truanting students and forms negative views about Te Aratai College*

4. *staff time and energy is diverted from positive activity into managing the resulting increased misbehaviour and anti-social behaviour inside and outside the College*

Te Aratai College recognises the importance of a positive teacher-student relationship when a previously-truanting student returns to school.

Student Achievement (NEP/NAG 1)

5. Student Behaviour Management Policy

Policy statement

Student achievement is the key goal of the Board's strategic leadership of Te Aratai College. It is therefore the Board's responsibility to provide a safe, inclusive, orderly and supportive environment that is conducive to student learning and wellbeing for all students.

It is recognised that the teaching practices arising from the first four policies –

- 1. Student Achievement and Wellbeing Policy*
- 2. Teaching and Learning Policy*
- 3. Assessment Policy*
- 4. Attendance Policy*

are direct contributors to the learning and behavioural culture at Te Aratai College.

The Board recognises the essential importance of the home-school partnership in creating a positive learning and behavioural culture at Te Aratai College. Therefore the Board recognises the key importance of effective behaviour management procedures and early communication with family and whānau if there are behaviour management concerns.

The Board recognises that behaviour and learning are inextricably linked. Many issues of misbehaviour have their roots in learning and/or disconnection. Therefore the Board recognises that students are more likely to behave well at school when students have a positive sense of self-identity, feel connected to the College and are engaged in their learning through a sense of agency and pathway. The Board recognises that the opposite also applies. Students are more likely to misbehave if they feel no connection to the College and the curriculum, and are therefore disengaged in their learning.

The Board recognises that student misbehaviour negatively affects:

- 1. the misbehaving student*
- 2. other students in the misbehaving student's classes*
- 3. the delivery of learning programmes*
- 4. whole-school culture*

Te Aratai College values relational and restorative practices for both behaviour and learning. Therefore the College seeks to work with misbehaving students from/with a strengths-based, problem-solving focus and to employ personally and culturally responsive restorative practices.

However there are also occasions where the repetition and/or seriousness of an incident mean that continuing to support misbehaving students may require corrective actions, the involvement of

external social agencies and also Police intervention. While there are many internal and external factors which influence behavior we recognise that individuals do have the capacity to choose their behaviour. Therefore ensuring the appropriate balance of student support, and personal responsibility and accountability for actions is vital for the learning, well-being and safety of students and of the wider school community.

Any incident will have its own set of individual circumstances and will consequently be dealt with on an individual, case by case basis consistent with:

- 1. The ever-strengthening partnership between home and school*
- 2. Ngā Uara o Te Aratai: tūrangawaewae, whanaungatanga, manaakitanga, rangatiratanga*
- 3. The principles of cultural relationships for responsive pedagogy*
- 4. The principles of restorative practice*

This policy covers all students while they are under the College's jurisdiction. The College's jurisdiction includes:

1. at school
2. during the school day, including interval and lunchtime, on or off school grounds
3. travelling to and from school every day
4. while in school uniform
5. representing or associated with the school on any school-related event, trip or online context
6. at any time the student can be identified as a Te Aratai College student;
 - a. whether or not in school uniform, and/or
 - b. whether in person or online

All our actions are guided by Ngā Uara o Te Aratai:

- 5. tūrangawaewae, whanaungatanga, manaakitanga, rangatiratanga*

The College will model and promote a set of appropriate behaviours based on these Uara to:

1. establish an optimum learning environment
2. establish a safe working environment for all of diverse mana whenua, tāngata whenua and tāngata Tiriti worldviews and perspectives
3. establish a co-operative College community in which each member accepts the significance and responsibilities inherent in He Whakaputanga and Te Tiriti o Waitangi and their respective Code(s), Standard(s) and professional requirements and respects the rights of all others
4. develop in students self-respect, self-discipline and a sense of responsibility towards others
5. develop in each student a sense of personal responsibility towards their/our environment
6. develop resilience in students and a belief that they can be successful in learning and life

Through a coherent behaviour management programme involving students, staff, families and the community, Te Aratai College aims to:

1. ensure that the school policies, rules and procedures on behavior management are well understood and supported by the wider school community
2. foster personal skills in students to give them confidence to make responsible, informed choices about their behaviour
3. promote restorative practice approaches and programmes publicity and programmes
4. affirm students who behave in ways that represent our Uara
5. ensure early identification of students with behaviour management problems
6. ensure students with behaviour management problems are treated in a caring and professional way that is based on an effective home-school partnership
7. promote the understanding that, as adults influence the behaviour of students, all adults both in our internal and wider school community are expected to be responsible role models and foster positive, pro-social behaviours that represent our Uara

Te Aratai College behaviour management procedures are based on positive self-discipline and self-management. Generally, all behaviour management matters will start from a restorative approach. If student actions pose a risk to the wellbeing and safety of themselves and/or of others, and their learning, the interventions could involve corrective actions and may involve:

- a) internal school procedures
- b) external health and social agencies
- c) internal school procedures including the Board
- d) the police

6. Co-Curricular Policy

Policy statement

This policy covers all the co-curricular activities inside and outside the classroom: sport, music, cultural and community activities. Co-curricular activities encourage social cohesion and a sense of community, and are an essential part of the rich, all-round education that is valued at Te Aratai College.

The Board values and encourages staff and students' participation in co-curricular activities for students to:

1. further deepen self-confidence and pride in self
2. further enrich social skills
3. further extend commitment and organisational skills
4. further deepen student agency – “I can do this.”
5. further deepen resilience – experiencing and managing the pride of winning and the disappointment of defeat
6. further enrich health and fitness
7. nurture and further deepen school pride, a sense of community and social cohesion
8. experience enrichment and extension
9. experience opportunities that they may not otherwise have

The Board recognises and accepts the importance that co-curricular activities can play in:

1. developing positive staff-student relationships
2. at-risk students connecting to the College
3. at-risk students experiencing success that can cross-over into learning, wellbeing and academic achievement

The Board recognises and accepts research from Sports NZ that not allowing truanting and misbehaving students to play sport for the College is a successful strategy in bringing about positive change in some students.

7. Uniform Policy

This Uniform Policy covers all students while they are under the College's jurisdiction.

"The school's jurisdiction" includes:

1. at school
2. during the school day, including interval and lunchtime, on or off school grounds
3. travelling to and from school every day
4. while in school uniform

6. at any time the student can be identified as a Te Aratai College student;
 - a. whether or not in school uniform, and/or
 - b. whether in person or online

The Board values and consequently places a high priority on all students wearing College uniform correctly, both inside and outside the College, because it contributes to:

1. students developing personal self-confidence and pride in self
2. students developing personal commitment and organisational skills
3. school pride, social cohesion and a sense of community
4. community recognition and pride of Te Aratai College

The Board also values students wearing items of cultural or religious significance at school.

- i. Students can wear taonga at school.
- ii. Students can wear kirituhi at school.
- iii. Students can wear hijab at school.
- iv. Students can wear different variations of the school uniform so that diversity is valued including those who identify as LGBTQIA+, are disabled, have learning support needs, are neurodiverse, or from diverse ethnic communities, feel they belong.

6. Teachers may take up to a total of 8 days per school year paid discretionary leave for sickness in the home.
7. All applications for leave for 1-5 days (other than discretionary leave for sickness in the home) should be addressed in writing to the Principal using the appropriate form. All applications for leave for beyond 5 days (other than discretionary leave sickness in the home) should be addressed in writing to the Board using the appropriate form.
8. It is preferable that applications for discretionary leave beyond three days are made at least a term in advance. They should include:

 - c) Potential benefits to the school and the applicant of the leave
 - d) Disruption to student learning
 - e) Disruption to the staff and school as a whole
 - f) Length of service at Te Aratai College
 - g) Precedence will not be a consideration in granting leave

Financial and Asset Management (NAG 4)**16. Asset Management Procedure**

The Board is responsible for the assets acquired and deployed in the operation of the school activities. This Asset Management Procedure relates to those assets which are acquired by Te Aratai College and used in the delivery of educational and related services during the asset's useful economic life.

Definitions

For the purpose of this Asset Management Procedure the following definitions apply:

1. *Assets:*
refers to both 'fixed' and 'minor assets' when used without specifically indicating either
2. *Fixed Assets:*
refers to property, plant or equipment with:
 - a) a value greater than or equal to the capitalisation threshold of \$1500 excluding GST and
 - b) an estimated useful life of greater than one year from time of acquisition

Note:

Fixed Assets can include classroom/office furniture and fittings that are purchased in quantity, such as classroom sets of desks and chairs or a set of staffroom chairs where the total set value exceeds the \$1500 threshold.

3. *Minor Assets:* refers to those assets having:
 - a) an historical cost of less than \$1500, but are particularly vulnerable to loss or theft and
 - b) an estimated useful life of greater than one year from time of acquisition

Note:

Textbooks even when purchased in quantity are recorded as a learning resource expense and not capitalised on purchase. This reflects the high usage and frequent curriculum changes that make textbooks obsolete.

Minor sports, electronic and teaching equipment even when purchased in quantity, are recorded as a learning resource expense and not capitalised on purchase.

Minor office and other equipment are similarly recorded as administration or property expense as appropriate. This reflects the need for regular replacement of these items and their overall low total value when compared to the total fixed asset holding.

*Asset Management Procedure continued***Maintaining Records of Assets Owned*****Fixed Assets and General Minor Assets***

Asset registers shall be maintained and updated by the Finance Manager, except for IT assets which will be maintained and updated by our external IT provider.

Updates of the asset registers will be recorded for all acquisitions, transfers, sales and disposals of all assets upon receipt of the completed Asset.

Purchase/Maintenance form

For bulk acquisitions, transfers, sales and disposals the Bulk Asset Purchase/Maintenance form is to be completed and forwarded to the Finance Manager.

IT Assets

The external provider will co-ordinate physical inventories on an annual basis and will be responsible for the sale of all IT equipment on prior approval from the Principal.

The external provider will update the IT Asset Register and will provide the Finance Manager with completed Asset Purchase/Maintenance forms for all acquisitions, transfers, sales and disposals of all IT assets for filing.

For bulk acquisitions, transfers, sales and disposals the Bulk Asset Purchase/Maintenance form is to be completed and forwarded to the Finance Manager for filing.

Sale/Disposal of ALL Assets

ALL asset sales and disposals must have the prior approval from the Principal before auctioning. The Asset Purchase/Maintenance Form must be completed for all asset sales and disposals and forwarded to the Finance Manager.

It is essential that a fair sale value for the benefit of the school is received when selling assets. Therefore, appropriate research must be completed prior to the sale of an asset to ensure the best possible price is received by the school.

At the discretion of the Principal, the Principal may authorise the sale of surplus assets which have an estimated value (at the time of disposal) for less than \$500 (excluding GST) to staff providing the process is transparent and equitable with the overriding objective being to obtain a fair sale value of the benefit of the school.

21. Child Protection Policy

This policy is recommended by the NZ School Trustees' Association. It outlines the Board's commitment to child protection and recognises the important role and responsibility of all staff in the protection of children. It includes the Board's expectations when child abuse is reported or suspected.

All staff members (including contractors and volunteers) are expected to be familiar with this policy, and any associated procedures and protocols.

The Board has an obligation to ensure the wellbeing of children in its care, in order to ensure they thrive, belong and achieve. The Board is committed to the prevention of child abuse and neglect, and to the protection of all children. The safety and wellbeing of the child is the Board's top priority. Advice must be sought, through appropriate agencies, in all cases of suspected or alleged abuse.

In line with section 15 of the Children, Young Person and Their Families Act (Oranga Tamariki), any person in the school who believes that any child or young person has been, or is likely to be, harmed (whether physically, emotionally, or sexually) ill-treated, abused, neglected, or deprived must follow school procedures and may also report the matter to a social worker or to the police.

Although ultimate accountability sits with the Board, the Board delegates responsibility to the Principal to ensure that all child safety procedures are implemented and available to all staff, contractors, volunteers and parents. Therefore, the Principal must:

1. Develop appropriate procedures to meet child safety requirements as required and appropriate to the school
2. Comply with relevant legislative requirements and responsibilities
3. Make this policy available on the school's internet site or available on request
4. Ensure that every contract, or funding arrangement, that the school enters into requires the adoption of child protection policies where required
5. Ensure the interests and protection of the child are paramount in all circumstances
6. Recognise the rights of the family and whānau to participate in the decision-making about their children
7. Ensure that all staff are able to identify the signs and symptoms of potential abuse and neglect, deal with disclosures by children and allegations against staff members, and are able to take appropriate action in response
8. Support all staff to work in accordance with this policy, and to work with partner agencies and organisations to ensure the child protection policy and any associated procedures and protocols are understood and implemented
9. Promote a culture where staff feel confident they can constructively challenge poor practice or raise issues of concern without fear of reprisal
10. Consult, discuss and share relevant information in a timely way, in line with the commitment to confidentiality and information sharing protocols, regarding any concerns about an individual child, with the Board or other appropriate person/s.
11. Seek advice as necessary, from NZSTA advisors on employment matters, and other relevant agencies where child safety issues arise
12. Make available professional development, resources and/or advice to ensure all staff can carry out their responsibilities and roles, in terms of this policy
13. Ensure that this policy forms part of the induction programme for new staff

Safe Environment (NAG 5)**22. Alcohol, Drug, Tobacco and Vaping Policy Wellbeing Policy****Policy statement**

This policy directly affects the well-being of young people and their quality of life. The purpose of this policy is to promote the health and well-being of students by developing:

- a) students' personal and social skills as a protection against alcohol, drug, tobacco and vaping use/abuse*
- b) a pro-social school culture*

Alcohol, drug, tobacco and vaping use by young people is a factor in all communities, including ours. Te Aratai College provides, within its Health Education programmes alcohol, drug, tobacco and vaping programmes to help all students establish and practise responsible behaviour. Professional help from counsellors and agencies is available to students with alcohol, drug, tobacco, and vaping-related problems.

Keeping young people engaged in education is a protective factor against alcohol, drug, tobacco and vaping harm. Te Aratai College approaches alcohol, drug, tobacco and vaping issues through a Positive Youth Development lens and therefore provides a range of approaches for our students to prevent drug, tobacco and vaping use and to delay the onset of alcohol use. Te Aratai College seeks to work with students harmed by alcohol, drug, tobacco and vaping use from/with a remedial focus and to employ restorative practices.

There are also occasions where supporting students and disciplinary measures may require the involvement of other health and social agencies and also Police intervention. While there are many external factors which influence behavior we recognise that individuals do have the capacity to choose to consume or not to consume. Therefore ensuring the appropriate balance of personal responsibility and accountability for actions is vital for the well-being and safety of students and of the wider school community.

Any incident will have its own set of individual circumstances and will consequently be dealt with on an individual, case by case basis.

This policy covers any student who is under the school's jurisdiction and:

1. consumes
2. is affected by
3. is in possession of alcohol, drugs, tobacco and vaping equipment

"The school's jurisdiction" includes:

1. at school
2. during the school day, including interval and lunchtime, on or off school grounds

3. travelling to and from school every day
4. while in school uniform
5. representing or associated with the school on any school-related event, trip or online context
6. at any time the student can be identified as a Te Aratai College student;
 - a. whether or not in school uniform, and/or
 - b. whether in person or online

Through a coherent alcohol, drug, tobacco and vaping education programme involving students, staff, families and the community, Te Aratai College aims to:

1. ensure that the school rules and procedures on alcohol, drug, tobacco and vaping use are well understood and supported by the wider school community
2. foster personal skills in students to give them confidence to make responsible, informed choices about alcohol, drug, tobacco and vaping use
3. promote preventative alcohol, drug, tobacco and vaping publicity and programmes
4. affirm students and families/whanau who choose to abstain from and reduce use of alcohol, drug, tobacco and vaping.
5. ensure early identification of students with alcohol, drug, tobacco and vaping related problems of their own or in their families
6. ensure students with alcohol, drug, tobacco and vaping related problems of their own, or in their families, are treated in a caring and professional way that starts from a strengthening families perspective.
7. Te Aratai College behaviour management procedures are based on positive self-discipline and self-management. Generally all behaviour management matters will start from a restorative approach. If student actions pose a risk to the wellbeing and safety of themselves and/or of others the interventions could involve corrective actions and may involve:
 - a) internal school procedures including the Board
 - b) external health and social agencies
 - c) the police
8. As adults influence the behavior of students, all adults in our school community are expected to be responsible role models and foster healthy attitudes in the school community to alcohol, drug, tobacco and vaping use.
9. As adults influence the behavior of students, all adults at school functions are expected to be responsible role models and foster healthy attitudes in the school community to alcohol, drug, tobacco and vaping use.
10. School functions attended by students are to be alcohol, drug, tobacco and vape free.
11. Staff functions follow the six key principles of host responsibility:

23. Harassment Prevention Policy

Policy Statement

Te Aratai College values and affirms each person's mana and worth. Harassment strikes at the hearts of these values and prevents people from reaching their potential. Students are entitled to receive their education, and the whole school community – students, whānau, staff, agencies, Board, contractors and visitors – is entitled to work in a safe environment free from harassment.

Harassment adversely affects everyone, not just the offenders and victims, as it affects those other people who may witness violence, intimidation and the distress of the victim. Harassment has a number of forms and all damage the atmosphere of a class and the culture of a school.

Te Aratai College values relational and restorative practices for both behaviour and learning. Therefore the College seeks to work with students who harass others from/with a remedial focus and to employ personally and culturally responsive restorative practices.

However there are also occasions where the repetition and/or seriousness of harassment mean that continuing to support the harassing student may require corrective actions, the involvement of external social agencies and also Police intervention. While there are many internal and external factors which influence behavior we recognise that individuals do have the capacity to choose their behaviour. Therefore ensuring the appropriate balance of student support, and personal responsibility and accountability for actions is vital for the learning, well-being and safety of students and of the wider school community.

Any incident will have its own set of individual circumstances and will consequently be dealt with on an individual, case by case basis consistent with the principles of cultural relationships for responsive pedagogy and restorative practice.

This policy covers all students while they are under the school's jurisdiction. The school's jurisdiction includes:

1. at school
2. during the school day, including interval and lunchtime, on or off school grounds
3. travelling to and from school every day
4. while in school uniform
5. representing or associated with the school on any school-related event, trip or online context
6. at any time the student can be identified as a Te Aratai College student;
 - a. whether or not in school uniform, and/or
 - b. whether in person or online

All adults – whānau, staff, agencies, Board, contractors and visitors – are expected to model pro-social speech and behaviours that support our school's uara-values.

For the purposes of this policy and relating procedures, the term “harassment” includes all forms of bullying and other forms of behaviour – verbal, physical and digital – that negatively impact upon another individual or group of people.

This policy is based on the PPTA: School Anti-violence Toolkit March 2012, and connects with the Safe School Policy.

Te Aratai College aims to enhance students’ learning and staff working conditions by eliminating harassment of students, staff members, parents and any members of the community in the school by actively:

1. Modelling our school’s uara-values
2. Valuing diversity in individuals and the rights of all people
3. Creating a climate that fosters self-respect and respect for others
4. Creating a supportive environment for all members of the school community
5. Creating a safe and secure learning environment for our students physically, socially and digitally, including e-learning and social media
6. Reinforcing the view that harassment is an unacceptable part of school life
7. Creating a school climate that encourages students to share problems of harassment and seek assistance from staff
8. Implementing actions that will be taken in instances of harassment to ensure all complaints are dealt with equitably
9. Providing appropriate counselling services and other support for the victim and the offender
10. Providing a social and physical environment that engenders appropriate and acceptable behaviour
11. Teaching strategies to deal with harassment

25. Racism Prevention Policy

Policy Statement

This policy is an interim policy to respond to a specific set of circumstances, before the permanent Racism Prevention policy is written in conjunction with Ngāi Tūāhuriri and other appropriate partners.

Racism is global and entrenched. Around the world, countries are creating practical plans to end racism. The New Zealand Government has committed to developing the National Action Plan Against Racism that reflects the history, challenges and aspirations of Aotearoa New Zealand.

The aim of the National Action Plan Against Racism is to progressively eliminate racism in all forms. The National Iwi Chairs Forum, a collective of Iwi leaders from Aotearoa New Zealand, are partnering with the Government in the creation of the plan.

From the website: Key Initiatives - National Action Plan Against Racism

<https://www.justice.govt.nz/justice-sector-policy/key-initiatives/national-action-plan-against-racism/>

What do we mean by racism?

Aotearoa New Zealand has no agreed definition of racism. The Human Rights Commission describes racism as “any individual action, or institutional practice backed by institutional power, which subordinates or negatively affects people because of their ethnicity.” This means racism is any belief in the superiority of one group over another, or any behaviour or system that overpowers or negatively impacts people because of their ethnicity or the colour of their skin.

There are many forms of racism. It can be hidden or obvious, conscious or unconscious. It occurs:

Within people

Individual racism is negative stereotypes, attitudes or beliefs held by a person that are based on the idea of one group being superior to another. These ideas can be about one’s own ethnic group or about other groups.

Examples:

- A belief that a person from a particular community is lazy.
- A belief that a person of colour is violent.

Between people

Interpersonal racism is harmful beliefs, attitudes, or behaviour directed towards people because of their ethnicity or the colour of their skin. This can be unconscious or intentional, and include biases, discrimination, verbal and physical attacks, as well as both overt and subtle ways of making people feel they are outsiders.

Examples:

- Verbal abuse, mockery, or jokes about a person’s ethnicity.
- Writing hateful messages outside a place of congregation or targeting groups or individuals online.
- Demanding that a person speaks English.
- Using aggression or physical force against someone because of their ethnicity or faith.

- The terrorist attack on Christchurch masjidain.

Across organisations and society

Institutional or structural racism is when government, organisations, education, and wider society use laws, policies and practices that create unfair advantage for some groups, and disadvantage for others. It builds over time and though not always intentional, drives inequality and disempowerment.

Examples:

- Media reports that stereotype ethnic groups.
- Certain ethnic groups being imprisoned disproportionately more and for longer compared with the majority.
- Treating people applying for jobs and promotions, and setting their pay rates, in a way that values those with European-centred knowledge, experience and qualifications more highly.
- Only teaching European-centred histories, leaving indigenous and ethnic experiences invisible and silent.

Further to the above national developments, Te Aratai College is starting from the ground up with this policy as the importance of anti-racism practices is central to our community. We are a multi-cultural community in a bi-cultural nation.

The purpose of this Policy is to raise awareness of and compliance with Te Aratai College's commitment to providing a work and study environment that is culturally inclusive and free from racial discrimination and harassment. Racism is best understood when acknowledging the context of power, oppression and privilege.

The Policy applies to all the school community: students, whānau, staff, agencies, Board, contractors and visitors.

The Anti-Racism Policy should be read in conjunction with the Harassment Prevention Policy and the Safe School Policy.

Definitions

For the purposes of this Policy:

1. *Racial discrimination* refers to a person or group being treated less favourably, or not given the same opportunities, as others in a similar situation because of their race, colour, descent, national or ethnic origin, or immigrant status. The *Employment Relations Act 2000* and the *Human Rights Act 1993* make it unlawful to discriminate against others on the above attributes.
2. *Direct discrimination* occurs when a person or group is treated less favourably than another person or group in a similar situation because of their background or personal characteristics.
3. *Indirect discrimination* occurs when requirements, policies or practices, which are the same for everyone and appear to be neutral and fair, actually disadvantage people who share a particular attribute.
4. *Racial Harassment* is the use of language (verbal and written), visual material or physical behaviour that expresses hostility against, or brings into contempt or ridicule, any other person on grounds of their colour, race or national or ethnic origin, and which is either repeated or of such a significant nature that it has a detrimental effect on that person.

To take action against racism we need to create an environment that encourages safe and productive conversations about how racism is operating in Education and how we can work together to address it. We also need a shared understanding and language for what racism is and what good anti-racism practice looks like.

At Te Aratai College all our community – students, whānau, staff, agencies, Board, contractors and visitors – are:

1. to interact with all other persons in a fair, polite, and open manner without discrimination and considerate of everyone's privacy and human rights
2. to treat others with respect and behave in a courteous, professional and collegial manner
3. to be pro-active in using these school's pastoral and guidance systems to inform staff about alleged racism occurring in our school community

The school will:

1. provide information that gives an understanding of what constitutes racism in a school community and beyond
2. promote the use of the school's pastoral and guidance systems to students and whānau to inform staff about alleged racism occurring in our school community

Safe Environment (NAG 5)

26. Community Code of Conduct Policy

Policy Statement

This policy is an interim policy to respond to a specific set of circumstances, before the permanent Community Code of Conduct Policy is written. It connects with the Safe School Policy, Harassment Prevention Policy and the Racism Prevention Policy.

Underlying this policy is the principle that all students are entitled to receive their education, and the whole community – students, whānau, staff, agencies, Board, contractors and visitors – is entitled to work and be in a safe environment.

The Standards of Conduct applies:

- to all conduct, speech, and action, and includes emails, texts, phone calls, social media, or other communication
- while on school grounds or at another venue where any member or members of the school community are assembled for school purposes

Standards of Conduct

Te Aratai College expects parents, caregivers, and visitors to:

- treat everyone with respect
- work together in partnership with staff for the benefit of students
- respect and adhere to our school uara – values
- set a good example for students at all times
- follow school procedures to handle any complaints
- adhere to school policies and procedures and any legal requirements.

Examples of unsuitable conduct include:

- threats, bullying, harassment
- profanity/offensive language
- insulting, abusing, or intimidating behaviour
- racism or discrimination (e.g. based on ethnicity, religion)
- physical aggression
- deception/fraud
- damaging school property
- smoking, vaping, possessing, or using alcohol/drugs/other harmful substances on school premises or at another venue where any member or members of the school community are assembled for school purposes (except possession or use of alcohol in accordance with school policy)
- placing unreasonable and excessive expectations on staff time or resources
- pursuing a complaint or campaign, or making defamatory, offensive, or derogatory comments, regarding the school, its board, or any staff or students on social media or other public forums
- wearing gang insignia on the school grounds (this is not allowed under the Prohibition of Gang Insignia legislation, and anyone wearing it will be asked to leave).

Dealing with breaches of the Community Code of Conduct

How Te Aratai College deals with breaches of our code of conduct depends on the nature of the incident and its seriousness, and the process any witness or victim of the behaviour feels most comfortable with. Examples include:

- documenting each instance of behaviour, including the date, time, place, who was present, what was said (verbatim if possible), how any witness or victim felt and/or responded

- holding a meeting with the relevant person, the principal, and/or board presiding member (or their delegate) or appropriate staff member to discuss the problem and possible resolution
- issuing a warning letter that outlines the problem and required resolution, and reminds them of the possible outcomes of repeated conduct
- arranging a meeting, which may include restorative practices, as an alternative or in addition to the processes above.

Outcome of breaching the Community Code of Conduct

If a parent, caregiver, or visitor acts or speaks in a way that contravenes the code of Conduct, possible outcomes may include:

- The school (principal, board member, or staff member) may ask a person to leave the school premises by revoking their permission to be on the school grounds, then asking them to leave under section 3 of the Trespass Act 1980.
- Unacceptable behaviour of a criminal nature may result in the police being informed. For example, under section 241 of the Education and Training Act 202, it is a criminal offence to insult, abuse, or intimidate a staff member within the presence or hearing of any student while on school premises or in any other place where students are assembled for school purposes. Other instances of criminal offending may occur where drugs are involved, an assault has occurred, or a person persists after being trespassed off school grounds.
- In the case of behaviour amounting to harassment, a restraining order may be sought.
- In some instances, it may be appropriate to refer behaviour to a third party for resolution. For example, a Facebook comment that contravenes this policy may result in a report to Facebook. If unacceptable behaviour occurs at a sports event or sports venue, then it may be appropriate to involve the governing body of that sport, event, or venue.

Safe Environment (NAG 5)

28. Reducing student distress and use of Physical Restraint policy

Policy Statement

Te Aratai College is required to provide a safe physical and emotional environment for students and staff. Safety at school is a foundational expectation for students and staff, as well as being a prerequisite for student success and academic achievement. At the heart of this policy is mauri ora – flourishing student and staff wellbeing this mana protecting interactions that support students, staff, and whānau, parents and caregivers.

Except as authorised under this policy, no staff member may use any form of physical restraint on our students.

Our principal, teachers, and board-authorised staff members can only physically restrain a student as a last resort where all three conditions are met:

- the use of physical restraint is necessary to prevent **imminent harm**, including **significant emotional distress** to the student or another person,
- there is a reasonable belief that there is no other option available in the circumstances to prevent the harm, and
- the physical restraint is **reasonable** and **proportionate** to the circumstances. This means only applying as much force as necessary, and for the minimum time necessary.

Physical restraint training will only be offered when required, as advised by MOE or within Individual Behaviour Plan co constructed with whānau/parents/caregivers. The training will be provided by MOE or an accredited provider and includes targeted and tailored supports from our local Ministry of Education team, and training in safe physical holds for teams around learners who have physical restraint as part of their existing safety and support plans.

All teachers and authorised staff must complete the *Physical Restraint - Understanding the Rules and Guidelines* module by 7 February 2024 and engage with supplemented webinars and resources accordingly. New teachers will complete the module as part of our staff induction.

Te Aratai College has policies and guidelines around the care and management of students and procedures in place for managing student behaviour. This Reducing student distress and use of Physical Restraint policy connects to other policies, particularly the Student Behaviour Management Policy and Student Achievement and Wellbeing policy. If a student is agitated, losing self-control, and/or poses a danger to themselves or others, staff use de-escalation techniques founded on relational and restorative practices - see both [Te Aratai College Whole School Pastoral Handbook](#) and [TKI Inclusive Education - De-escalating Behavioural Strategies](#).

As defined in the Education and Training Act 2020: Physical restraint is using physical force to prevent, restrict or subdue the movement of a student's body or part of the student's body against the students's will. Physical restraint is a serious intervention and must only be used when all three of the above conditions are met. It may be necessary to move other people out of the area to de-escalate the situation and keep them safe.

See the MOE documents:

[“Aramai He Tētēkura: A guide to understanding distress and minimising the use of physical restraint”](#)
[“Education \(Physical Restraint\) Rules 2023”](#)

Definitions:

authorised staff member means an employee of a registered school who is authorised by the employer to use physical restraint in accordance with Section 99 of the Act

employer means a board and the managers of a school

physically restrain, in relation to a student, means to use physical force to prevent, restrict, or subdue the movement of the student's body or part of the student's body against the student's will.

Teaching staff means a person who holds a teaching position

Information to be made available

Any guidelines for the use of physical restraint and the names and positions of authorised staff must be available for inspection at the school.

Authorisation of staff members who are not teachers

An employer may authorise an employee who is not a teacher to use physical restraint. Such an authorisation must be in writing, and the employee must be given a copy. This authorisation can be revoked at any point by written notice.

Notifying the use of physical restraint

Whānau/parents/caregivers must be notified as soon as possible on the same day about any incident of physical restraint, including how it was managed within the guidelines.

Monitoring the use of physical restraint

For both - the student being physically restrained and the staff member who has used physical restraint - physical and psychological monitoring and support must be in place for the rest of the school day on which the event has occurred. Records kept of the event [see next point below] must be analysed to identify trends. The employer, via delegation to the Principal, must check all documentation to ensure it is complete.

Reporting and recording the use of physical restraint

Any staff member who uses physical restraint must notify a member of the Senior Leadership Team and work with that member to follow our school process. This includes:

- [Reporting process for physical restraint](#),
- [Checklist - following incident of physical restraint](#) and
- submit the MOE online physical restraint incident reporting form through Education Sector Logon ((ESL) our school's delegated authoriser will need to assign the role of 'physical restraint school user' to that ESL for all SLT staff members).

Copies of all forms related to the incident are kept in the student's file and copied forms are made available to the student, teacher/s and the student's whānau involved.

Data is shared on all physical restraint incidents with the Board of Trustees at every Board meeting via the Principal's report. **Data is only shared in a session that excludes the public.** Any records must be kept for a minimum of 10 years from the last action.

General notes

Employers must ensure teachers and staff are supported and trained in accordance with MOE guidelines. Any policies and guidelines pertaining to physical restraint must be communicated to whānau/parents/caregivers, students, staff and the school community.

A concern is less serious than a complaint and often may be resolved by contacting and talking with the relevant person.

- A. If you have a concern about a specific subject or class contact the teacher directly.
- B. If you don't want to contact the teacher directly or if it is a more general issue, contact the following people. The office will help you identify them if necessary.

Advice to Parents and Whānau – what to do if you have a complaint

A complaint is more serious than a concern or is an unresolved concern. A complaint is made directly to the Principal, usually in writing/email, or if the complaint is about the Principal, to the Presiding Member of the Board.

Making a complaint to the Principal

1. Write down/email your complaint to the Principal explaining:
 - a. The cause of the complaint. Be as precise as you can be as to what happened, where and when. A useful format could be:
 - i. What happened.
 - ii. Who was involved.
 - iii. Where.
 - iv. When.
 - v. Other relevant information or context.
 - b. Any steps that have been taken before this to try to resolve the matter
 - i. As Te Aratai College promotes relational and restorative practices the Board expects that complainants will have tried to have resolved the issue at the lowest level possible.
 - ii. The Board accepts that there may be occasions when contacting the Principal directly is the correct thing to do.
2. When the Principal receives a complaint, he or she will discuss the issue with you before deciding what further action should be taken. You may have a support person with you at this time if you wish.
3. Your complaint will be treated with discretion. Only people relevant to the complaint will be involved.
4. In the interests of natural justice, any persons named in a complaint must have the opportunity to hear all the details about the complaint and reply to it. A support person may accompany them to do this if they wish.
5. The Principal will decide what actions will be taken as a result of the investigation. This may involve outside agencies.
6. The Principal will inform you as to the outcome of the investigation and subsequent actions.

Making a complaint to the Presiding Member of the Board

Complaints are made to the Board Presiding Member when:

1. *The complaint is about the Principal*
 2. *A complainant is dissatisfied with the Principal's decision as to a previous complaint*
1. Write down/email your complaint to the Presiding Member of the Board explaining:
 - a. The cause of the complaint. Be as precise as you can be as to what happened, where and when. A useful format could be:
 - i. What happened.
 - ii. Who was involved.
 - iii. Where.

- iv. When.
 - v. Other relevant information or context.
- b. Any steps that have been taken before this to try to resolve the matter.
2. All letters/emails addressed to the Presiding Member of the Board are for the whole Board. The Presiding Member cannot act independently as to what action will be taken.

Board procedures when receiving a complaint.

1. Before the Board decides to deal with a complaint it must check that the complaint is appropriate for the Board. If not, it will normally return any letter of complaint to the complainant and ask that the appropriate procedures be followed.
2. The Presiding Member acknowledges the letter of complaint within a fortnight of receipt.
3. The letter of complaint becomes part of the correspondence that will be dealt with at the next Board meeting (fourth Thursday of the month) in 'public excluded' session.
4. The Board decides whether to deal with the matter as a whole or appoint a committee to investigate and make recommendations to the Board.
5. Resolution or dismissal of the complaint must not be discussed before all the information is to hand.
6. At the meeting of the Board/committee, in 'Public Excluded' session, the reports are received and the parties may be invited to speak to their complaint or answer questions. The Board/committee considers the evidence and/or information and comes to a decision or recommendation.
7. The Board's response is communicated to the parties to the complaint in writing.
8. Any of the parties may request the Board to reconsider their decision. However, normally for such a reconsideration to take place, new information that would have been relevant to the Board's deliberations must be produced.
9. The Board recognises that not all complainants will be satisfied with the outcome of a complaint. Once reconsidered, the Board will not enter into any further discussion/correspondence.

Guidelines

1. If the complaint is about a person, that person will be informed as soon as practicable and given reasonable time to respond.
2. The Board must exercise caution when dealing with complaints regarding staff, particularly in relation to confidentiality and processes to ensure the principles of natural justice are met. It is advisable to seek external personnel/industrial advice in such cases. The Board will need to consider the relevant staff disciplinary policies, employment contracts and expert advice.
3. Requests for confidentiality as to identity of complainant will be respected unless natural justice demands otherwise.
4. Issues of a serious matter, e.g. allegations of physical abuse, may require a special meeting of the Board to be called.
5. Conflict of interest will be determined when necessary, including whether the complaint involves the actions of any Board member.

6. A complaint regarding lack of compliance in relation to an agreed complaint resolution will be treated as a serious matter and actioned with urgency as a new complaint rather than a reconsideration for the previous issue.

Concerns Procedures: Students

Advice to Students – what to do if you have a concern

A concern is less serious than a complaint and often may be resolved by contacting and talking with the relevant person. Before doing anything it is a good idea to discuss things over with parent/caregivers or another adult you trust, including a teacher.

Student concern about a teacher

If you have a concern about a teacher, it is ok to try to talk to that teacher. You can take a friend with you to do this if you want to.

- Explain your concern reasonably and try to resolve it.
- You will have to listen too!

If you do not wish to talk directly to the teacher you can talk to:

- Any other staff member you trust
- Any staff in the table below

You can take a friend with you to do this if you want to.

If you have talked to the teacher directly and it hasn't resolved your concern, you can also talk to:

1.	A suitable senior student – your peer supporter or a prefect
2.	Your Tāhuhu teacher or Kaiārahi (ako class teacher)
3.	Your Dean
4.	Any other staff member you trust
5.	The Head of Department (HOD) / Head of Learning Area (HoLA)
6.	A guidance counsellor
7.	The Senior Leadership Team (SLT) – the deputy principals and the principal

Because all concerns and complaints are taken seriously and take up people's time and energy, any concern or complaint that is frivolous (silly) or malicious (deliberately causing trouble) will be reported to the Senior Leadership Team as a serious discipline issue.

Student concern about a general issue

This could include a good idea that you have had about how to make an aspect of Te Aratai College better. You can take a friend with you to do this if you want to.

General issues ↓ Curriculum, assessment, or pastoral matters	→	Your Tāhuhu teacher or Kaiārahi (ako class teacher) ↓ (increasingly serious) Your Dean
Subject concerns	→	Head of Department of subject concerned
Personal, family financial, career and educational concerns	→	Guidance Counsellor
Or Senior Leadership Team (the Deputy Principals and the Principal)		

Complaints Procedure: Students

Advice to Students – what to do if you have a complaint

A complaint is more serious than a concern or is an unresolved concern.

A complaint is made directly to the Principal, usually in writing/email, or if the complaint is about the Principal, to the Presiding Member of the Board.

Making a complaint is a serious step. Complaints may end up involving legal processes. As the school takes all concerns and complaints seriously, they take up people's time and energy. Therefore, before doing anything it is a good idea to discuss things over with parent/caregivers or another adult you trust, including a teacher.

Any concern or complaint that is frivolous (silly) or malicious (deliberately causing trouble) will be treated as a serious discipline issue.

Making a complaint to the Principal

1. Write down/email your complaint to the Principal explaining:
 - a. The cause of the complaint. Be as precise as you can be as to what happened, where and when. A useful format would be:
 - i. What happened.
 - ii. Who was involved.
 - iii. Where.
 - iv. When.
 - v. Other relevant information or context.
 - b. Any steps that have been taken before this to try to resolve the matter
 - i. As Te Aratai College promotes relational and restorative practices the Board expects that complainants will have tried to have resolved the issue at the lowest level possible.
 - ii. The Board accepts that there may be occasions when contacting the Principal directly is the correct thing to do.
2. When the Principal receives a complaint, he or she will discuss the issue with you before deciding what further action should be taken. You may have a support person with you at this time if you wish.
3. Your complaint will be treated with discretion. Only people relevant to the complaint will be involved.
4. In the interests of natural justice, any persons named in a complaint must have the opportunity to hear all the details about the complaint and reply to it. A support person may accompany them to do this if they wish.
5. The Principal will decide what actions will be taken as a result of the investigation. This may involve outside agencies.
6. The Principal will inform you as to the outcome of the investigation and subsequent actions.

Making a complaint to the Presiding Member of the Board

Complaints are made to the Board's Presiding Member when:

1. *The complaint is about the Principal*
 2. *A complainant is dissatisfied with the Principal's decision as to a previous complaint*
1. Write down/email your complaint to the Presiding Member of the Board explaining:
 - a. The cause of the complaint. Be as precise as you can be as to what happened, where and when. A useful format could be:
 - i. What happened.
 - ii. Who was involved.
 - iii. Where.
 - iv. When
 - v. Other relevant information or context.
 - b. Any steps that have been taken before this to try to resolve the matter.
 2. All letters/emails addressed to the Presiding Member of the Board are for the whole Board. The Presiding Member cannot act independently as to what action will be taken.

Board procedures when receiving a complaint.

1. Before the Board decides to deal with a complaint it must check that the complaint is appropriate for the Board. If not, it will normally return any letter of complaint to the complainant and ask that the appropriate procedures be followed.
2. The Presiding Member acknowledges the letter of complaint within a fortnight of receipt.
3. The letter of complaint becomes part of the correspondence that will be dealt with at the next Board meeting (fourth Thursday of the month) in 'public excluded' session.
4. The Board decides whether to deal with the matter as a whole or appoint a committee to investigate and make recommendations to the Board.
5. Resolution or dismissal of the complaint must not be discussed before all the information is to hand.
6. At the meeting of the Board/committee, in 'Public Excluded' session, the reports are received and the parties may be invited to speak to their complaint or answer questions. The Board/committee considers the evidence and/or information and comes to a decision or recommendation.
7. The Board's response is communicated to the parties to the complaint in writing.
8. Any of the parties may request the Board to reconsider their decision. However, normally for such a reconsideration to take place, new information that would have been relevant to the Board's deliberations must be produced.
9. The Board recognises that not all complainants will be satisfied with the outcome of a complaint. Once reconsidered, the Board will not enter into any further discussion/correspondence.

Guidelines

1. If the complaint is about a person, that person will be informed as soon as practicable and given reasonable time to respond.

2. The Board must exercise caution when dealing with complaints regarding staff, particularly in relation to confidentiality and processes to ensure the principles of natural justice are met. It is advisable to seek external personnel/industrial advice in such cases. The Board will need to consider the relevant staff disciplinary policies, employment contracts and expert advice.
3. Requests for confidentiality as to identity of complainant will be respected unless natural justice demands otherwise.
4. Issues of a serious matter, e.g. allegations of physical abuse, may require a special meeting of the Board to be called.
5. Conflict of interest will be determined when necessary, including whether the complaint involves the actions of any Board member.
6. A complaint regarding lack of compliance in relation to an agreed complaint resolution will be treated as a serious matter and actioned with urgency as a new complaint rather than a reconsideration for the previous issue.

Concerns Procedure: Staff

Advice to Staff – what to do if you have a concern

Concern about another staff member

A concern is less serious than a complaint. If it is about a person it may often be resolved by contacting and talking with the relevant person.

Te Aratai College values collegiality and professionalism. This means it is expected that staff members will speak directly to one another in a professional manner if they have a concern with that staff member. HOLAs and HODs and other staff can give advice on how to do this most effectively, if necessary.

It is acceptable to use another person as a support person when the conversation is held, if necessary.

Concern about a general issue

Te Aratai College values collegiality and professionalism. This means all good ideas about how to improve the school are welcome. HOLAs and HODs and other staff can give advice on how to do this most effectively, if necessary.

Complaints Procedure: Staff

Advice to Staff – what to do if you have a complaint

A complaint is more serious than a concern or is an unresolved concern. A complaint is made directly to the Principal, usually in writing/email, or if the complaint is about the Principal, to the Presiding Member of the Board.

Note that the Collective Employment Agreements specify procedures to follow for:

1. Teacher competence
2. Teacher conduct and discipline
3. Employment Relationship Problem Resolution Provision

At any stage of the process, though it is usually the earlier the better, the Board supports the appropriate use of PPTA and NZEI representatives, and other relevant agencies – egs: Employee Assistance Programme (EAP), Employment Mediation Services within the Ministry of Business, Innovation and Employment (MBIE) – to assist in workplace relationship or any other employment issues.

Making a complaint to the Principal

1. Write down/email your complaint to the Principal explaining:
 - a. The cause of the complaint. Be as precise as you can be as to what happened, where and when. A useful format could be:
 - i. What happened.
 - ii. Who was involved.
 - iii. Where.
 - iv. When.
 - v. Other relevant information or context.
 - b. Any steps that have been taken before this to try to resolve the matter
 - i. As Te Aratai College promotes relational and restorative practices the Board expects that complainants will have tried to have resolved the issue at the lowest level possible.
 - ii. The Board accepts that there may be occasions when contacting the Principal directly is the correct thing to do.
2. When the Principal receives a complaint, he or she will discuss the issue with you before deciding what further action should be taken. You may have a support person with you at this time if you wish.
3. Your complaint will be treated with discretion. Only people relevant to the complaint will be involved.
4. In the interests of natural justice, any persons named in a complaint must have the opportunity to hear all the details about the complaint and reply to it. A support person may accompany them to do this if they wish.
5. The Principal will decide what actions will be taken as a result of the investigation. This may involve outside agencies.
6. The Principal will inform you as to the outcome of the investigation and subsequent actions.

Complaints are made to the Board's Presiding Member when:

1. *The complaint is about the Principal*
 2. *A complainant is dissatisfied with the Principal's decision as to a previous complaint*

Board procedures when receiving a complaint

1. Before the Board decides to deal with a complaint it must check that the complaint is appropriate for the Board. If not, it will normally return any letter of complaint to the complainant and ask that the appropriate procedures be followed.
2. The Presiding Member acknowledges the letter of complaint within a fortnight of receipt.
3. The letter of complaint becomes part of the correspondence that will be dealt with at the next Board meeting (fourth Thursday of the month) in 'public excluded' session.
4. The Board decides whether to deal with the matter as a whole or appoint a committee to investigate and make recommendations to the Board.
5. Resolution or dismissal of the complaint must not be discussed before all the information is to hand.
6. At the meeting of the Board/committee, in 'Public Excluded' session, the reports are received and the parties may be invited to speak to their complaint or answer questions. The Board/committee considers the evidence and/or information and comes to a decision or recommendation.
7. The Board's response is communicated to the parties to the complaint in writing.
8. Any of the parties may request the Board to reconsider their decision. However, normally for such a reconsideration to take place, new information that would have been relevant to the Board's deliberations must be produced.
9. The Board recognises that not all complainants will be satisfied with the outcome of a complaint. Once reconsidered, the Board will not enter into any further discussion/correspondence.

Guidelines

1. If the complaint is about a person, that person will be informed as soon as practicable and given reasonable time to respond.

2. The Board must exercise caution when dealing with complaints regarding staff, particularly in relation to confidentiality and processes to ensure the principles of natural justice are met. It is advisable to seek external personnel/industrial advice in such cases. The Board will need to consider the relevant staff disciplinary policies, employment contracts and expert advice.
3. Requests for confidentiality as to identity of the complainant will be respected unless natural justice demands otherwise.
4. Issues of a serious matter, e.g. allegations of physical abuse, may require a special meeting of the Board to be called.
5. Conflict of interest will be determined when necessary, including whether the complaint involves the actions of any Board member.
6. A complaint regarding lack of compliance in relation to an agreed complaint resolution will be treated as a serious matter and actioned with urgency as a new complaint rather than a reconsideration for the previous issue.

3. The Principal will display a schedule of distributing of Middle Management Allowances and Senior Management Allowances, and Salary Units annually.
4. Teaching staff will be consulted, as appropriate, about the philosophy underpinning the allocation of Middle Management Allowances and Salary Units.

The purpose of this policy is to provide information and guidance to employees of the school who wish to report serious wrongdoing within the school.

This policy is issued in compliance with the Protected Disclosures Act 2000 and will apply from 20 August 2015.

The policy consists of:

3. Conditions for disclosure.
4. Information on who can make a disclosure.
5. Protections for employees making disclosures.
6. A procedure by which an employee can make a disclosure.

What is a Protected Disclosure?

A protected disclosure is a declaration made by an employee where they believe serious wrongdoing has occurred. Employees making disclosures will be protected against retaliatory or disciplinary action and will not be liable for civil or criminal proceedings related to the disclosure.

Definition of Serious Wrongdoing

Serious wrongdoing includes any serious wrongdoing of any of the following type:

1. an unlawful, corrupt, or irregular use of funds or resources of a public sector organisation: or
2. an act or omission or course of conduct that constitutes a serious risk to public health or public safety or the environment: or
3. an act, omission, or course of conduct that constitutes a serious risk to the maintenance of law, including the prevention, investigation, and detection of offences and the right to a fair trial; or

5. an act, omission, or course of conduct by a public official that is oppressive, improperly discriminatory, or grossly negligent or that constitutes gross mismanagement;
6. whether the wrongdoing occurs before or after the commencement of this act.

Conditions for Disclosure

Before making a disclosure the employee should be sure the following conditions are met:

2. the employee believes on reasonable grounds the information to be true or is likely to be true; and
3. the employee wishes the wrongdoing to be investigated; and
4. the employee wishes the disclosure to be protected.

Who can make a disclosure?

Any employee of the school can make a disclosure. For the purposes of this policy and employee includes:

1. How to submit a disclosure

The employee should submit the disclosure in writing.

2. Information to be contained

The disclosure should contain detailed information including the following:

- a) the nature of the serious wrong doing
- b) the name or names of the people involved
- c) surrounding facts including details relating to the time and/or place of the wrong doing if known or relevant.

3. Where to send disclosures

A disclosure must be sent in writing to the Principal who has been nominated by the Board under the provision of Section 11 of the Protected Disclosures Act 2000 for this purpose.

OR

If you believe the Principal is involved in the wrong-doing or has an association with the person committing the wrongdoing that would make it inappropriate to disclose to them, then you can

make the disclosure to the Presiding Member of the Board.

4. Decision to investigate

On receipt of a disclosure, the Principal must within 20 working days examine seriously the allegations of wrongdoing made and decide whether a full investigation is warranted. If warranted a full investigation will be undertaken by the Principal or arranged by him/her as quickly as practically possible, through an appropriate authority.

5. Protection of disclosing employee's name

All disclosures will be treated with the utmost confidence. When undertaking an investigation, and when writing the report, the Principal will make every endeavour possible not to reveal information that can identify the disclosing person, unless the person consents in writing or if the person receiving the protected disclosure reasonably believes that disclosure of identifying information is essential.

- a) to ensure an effective investigation
- b) to prevent serious risk to public health or public safety or the environment
- c) to have regard to the principles of natural justice.

6. Report of investigation

At the conclusion of the investigation the Principal will prepare a report of the investigation with recommendations for action if appropriate, which will be sent to the employee.
